Net change in fund balances - total governmental funds	\$ (323,860)
Amounts reported for governmental activities in the statement of activities are different due to:	
Governmental funds report capital outlays as expenditures. However, in the statement of net position, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. The effect on net position is the amount by which capital outlays exceed depreciation in the current period. Depreciation expense Capital outlays	(1,177,665) 288,349
Certain receivables will be collected this year but are not available soon enough to pay for the current period's expenditures. This is the amount by which such receivables increased (decreased). Property taxes receivable Operating Grants and Contributions	(98,003) (60,258)
The repayment of the principal of long-term debt (e.g., bonds, leases) consumes the current financial resources of governmental funds. However, such repayment has no effect on net position.	162,891
Differences in the cost and accumulated depreciation on disposed capital assets are reported as a loss and reduction in net position in the statement of activities. Cost of assets disposed Accumulated depreciation of assets disposed	-
Compensated absences are reported as liabilities in the statement of net position, but are only reported in government funds to the extent they have matured. This is the amount by which compensated absences (increased)/decreased.	
Accrued vacation payable	6,915
Governmental funds report district pension contributions as expenditures. However, in the Statement of Activities, the cost of pension benefits earned net of employee contributions is reported as pension expense	
District pension contributions	21,248
Cost of benefits earned net of employee contributions	(8,728)
Governmental funds report district OPEB contributions as expenditures. However, in the Statement of Activities, the cost of OPEB benefits earned net of employee contributions is reported as OPEB expense	
District OPEB contributions	42,120
Cost of benefits earned net of employee contributions	(260,356)
