**9600 - STAFF/STUDENT PARTICIPATION IN COMMUNITY EVENTS**

The Board of Education recognizes that the local community offers many programs and events that provide learning experiences which are not available in the schools and which can help students become more literate, cultured and productive human beings.

The Board seeks to maintain communication with those community groups and organizations that enrich the life of the community and authorizes the Superintendent to cooperate with the leaders of the organizations both by making County facilities available and by ensuring that members of the staff and student body are made aware of the benefits that can be derived from education-related activities of the groups. Further, the Board encourages members of the staff to make their many talents and specialized knowledge available, as time permits, to enhance the quality of such educational activities in the community.

The Superintendent shall develop administrative guidelines which will better ensure community activities and events which are related to the County's courses of study and are incorporated, as appropriate, into such courses as either required or enrichment assignments.
